

CRANE REBUKES TWO POLITICIANS

Letter Was Issued Denouncing Aspirant for Republican Leadership in the Thirty-second District.

SUMMONS FOR THE WRITER.

Newman Defended His Heirship, Michael, in Court, and Was Told by Magistrate that He Ought to Be Beaten.

The fight which is taking place for the Republican leadership in the Thirty-second Assembly District, where A. Jordan is attempting to wrest control from I. Newman, was carried to the Harlem Court to-day. Magistrate Crane took occasion to severely rebuke Newman and say he should be "licked out of his boots" for his management of the contest.

A few days ago S. Michael, one of Newman's captains, wrote, it was charged, a letter to voters in the district, in which Jordan was strongly attacked, even as to his personal character. The letters were written on the letterheads of the Union Republican Club, of No. 208 East One Hundred and Fourth street, the official Republican organization of the district.

The letter acted as the basis for a circular letter issued later. One of the first letters got into the hands of one of Jordan's followers and Jordan had Michael haled to court on a summons.

Politicians in Court.

Newman was in court and about thirty politicians, henchmen of both candidates, were there also. Newman attempted to prove to the court that Jordan's supporters had sent out similar letters. Magistrate Crane then said:

"Newman, you deserve to be defeated for just such an act as this. You ought to be licked out of your boots. I have heard stories about you selling out right along, but I haven't believed them. Therefore the letter containing those allegations should not have been written. It acts as a boomerang in this case."

"There is more blackguarding in politics to the square inch than in anything I know of."

Turning to Michael, Magistrate Crane asked:

"How old are you?"

"Twenty-seven," was the reply.

Old Enough to Know Better.

"You are old enough to know better than to sign such a letter, vouching for statements which have been given you by some body else."

"If incorporated in the letter information which comes from men in the party who are supposed to be unquestioned," was Michael's reply.

"If somebody else says you things after this," said the court, "let them write them themselves, I have been mixed up with politics and know that such things as these should not be perpetrated."

Magistrate Crane then mentioned incidents of political fights and finally asked Michael if he would apologize. Michael said he would do so, and did apologize to Jordan in the court. Magistrate Crane then dismissed the summons.

FOR SWINDLING MERCHANTS.

Man Arrested Here Accused of Perpetrating Frauds in Chicago.

Charged with having been one of two men who swindled many number of firms throughout the country, Arthur J. Herbst was arraigned to-day before United States Commissioner Ridge in the Federal Building by Post-Office Inspector Mullen, of Chicago.

According to the latter official at Herbst, who is known under various aliases—C. B. Leach and William Wheeler being two frequently employed by him—and Julius N. Nelson, now under arrest in Chicago, opened an office in the Pontiac Building, in that city, taking the name of the Western Supply Company, a highly respectable business concern of the same city, having an office also where in Chicago, and immediately proceeded to scatter orders for goods throughout the country. The goods, when secured upon the credit of the west Western Supply Company, it is charged, were sold at prices which quickly found purchasers, and a portion was shipped to this city for sale by auction commission houses. The technical charge is using the mails for fraudulent purposes.

Herbst waived examination and agreed to accompany an officer to Chicago.

NEWPORTERS HAVE A NARROW ESCAPE

Their Express, Speeding from New York, Flagged in the Nick of Time to Prevent Its Dashing Into Derailed Cars.

NEWPORT, Sept. 11.—A number of cottagers who were due here last night, but who were delayed on account of a freight wreck on the New Haven road at Wood River Junction, announced on their arrival to-day that a lunchbox flagged their train, the Colonial Express, from New York to Boston, at the junction and probably prevented an accident.

Their train, which was due at Wood River just after the two freight trains came together, was stopped by the man's efforts before it reached the freight cars. Although the express was proceeding at high speed it was brought to a complete standstill in a few seconds.

The man who flagged the train is believed to have been a brakeman who was one of the derailed freight.

The passengers liberally rewarded him, making up a purse of over \$150.

Several of the through trains were from four to five hours late on arrival on account of the wreck.

LONDON STOCKS IRREGULAR.

LONDON, Sept. 11.—Money was in good demand in the market to-day for Stock Exchange requirements and supplies were limited. Discounts were firm. Prices on the Stock Exchange were irregular, but mostly a trifle steadier.

The completion of the settlement was easy. The prostration of the wires reduced the amount of business to a minimum. Consols improved after opening lower.

Americans opened dull, hardened slightly to about parity, further improved on the strength of New York's opening prices and closed steady.

ODELL, TAKEN ILL, OMITS RECEPTION

Governor Suffers Attack of Indigestion on Train and Is Compelled to Rest, After Calling Doctor in Buffalo.

BUFFALO, Sept. 11.—Gov. Odell arrived in Buffalo to-day somewhat under the weather, as the result of an attack of indigestion which he suffered during the night on the way up from Albany. While the Governor's condition was not serious, he found it advisable to abandon the plan of the reception committee to take breakfast at the Ellicott Club, and instead went direct to the Iroquois Hotel for rest.

After the Governor reached his room Dr. S. Y. Howell was called in and after treating him said the indisposition would wear away speedily. He advised the Governor to take a few hours' rest.

Consequently a proposed visit to the new steel plant was also deferred.

At 10:30 o'clock the Governor and his party left in automobiles for the summer residence of Mr. Roberts at Wannakah, where, after luncheon, he started for the Hamburg fair.

Gov. Odell's speech was another plea for the passage of the State Canal Act. The Governor spoke for thirty-five minutes. He stood bareheaded under the sun's rays in an uncovered stand, and, although the ride en route to the ground had rested him very much, before he had finished it was evident that the effort was telling on him. His voice broke perceptibly several times and the perspiration streamed down his face.

The address was frequently punctuated with applause. After a fifteen-minute rest in the Secretary's office Governor Odell started for Wannakah, where he met some friends at the residence of Mr. John C. Roberts on the Lake shore.

WOMAN ON BOARD OF SUPERINTENDENTS

Miss Julia Richman, Principal of Public School No. 77, Named for Position Left Vacant by Death of Charles S. Haskell.

As an indirect result of the agitation of club women and women interested in the public-school questions in this city for the appointment of a woman as Superintendent of Public Schools Miss Julia Richman, Principal of Public School No. 77, in East Eighty-fifth street, was nominated to-day by the Board of Superintendents of the Board of Education for the position in their body left vacant by the death of Charles S. Haskell.

Mr. Haskell had charge for many years of two districts in the lower part of Manhattan. Another superintendent has been sent to fill the vacancy in those districts, so it is improbable that the districts will fall to Miss Richman's portion.

The nomination of Miss Richman will have to be confirmed by the Board of Education. While it is not obligatory upon it to confirm the nomination, it is believed that it will do so. It is said that a special meeting of the Board will be called to pass upon the nomination some time next week. The next regular meeting of the Board is scheduled for Sept. 23.

Miss Richman is a graduate of Normal College and has taught successfully at Public Schools Nos. 59 and 73. From the latter school she was appointed principal of No. 77, a girls' school at Eighty-fifth street and First avenue.

For several years she has been interested in children's work and work on the east side. She is one of the guiding spirits of the Educational Alliance, and is well known in settlement work.

Miss Richman was nominated solely on her merits. There was no effort made to get her named for the position, and several of the members of the Board of Superintendents expressed themselves as gratified that she should have been selected.
